

Opera 3 Subscription

It's all about choice

Opera 3 Subscription provides another way for your business to access and use an award-winning solution. Spread the cost into affordable monthly payments and see a quick return on investment.

One System. One Solution.
Full integration across your entire business.

Overview

Pegasus is offering new customers flexibility and choice on how to access Opera 3 with Opera 3 Subscription. Opt for subscription over 1, 2, 3 or 4 years on a term licence with affordable monthly payments, to spread the cost of capital expenditure.

It may be more cost effective and affordable for many businesses to spread payments and pay monthly versus one large upfront cost.

The starting point is a powerful financial solution with reporting capability to efficiently manage your business finances. It's flexible so you can add more applications, depending on your business needs. Opera 3 encompasses all aspects of your business, eliminating the need to run separate finance, payroll, CRM or service systems.

Benefits to your business

Help with cashflow

Subscription offers you a flexible and affordable way to access Opera 3, without the upfront cost. By spreading the cost into affordable monthly payments, you can use the funds to invest in other areas of the business. To continue to use the software after the end of the term, you simply renew your subscription.

Subscription Term	Integrated Financials solution* cost per month
1 year	from £254.50
2 years	from £165.67
3 years	from £139.34
4 years	from £135.77

* Includes System Manager, Toolkit, Scheduler, Sales Ledger, Purchase Ledger, Nominal Ledger, Cashbook, Multi-Currency, Notification Services, EC VAT, Pegasus XRL and maintenance contract. Cost per month is for a single user, up to 5 companies.

It's flexible

As your business needs change, you can add more to Opera 3. Add applications, users, companies, and employees. Choose from a wide range of integrated applications:

- **Supply Chain Management:** make your business a model of efficiency
- **Payroll & HR:** simplify your payroll with an award-winning application fully accredited by HMRC
- **Document Management:** keep business documents safe and easy to find
- **Business Intelligence:** turn knowledge into decision-making power
- **CRM and Service & Helpdesk Management:** convert prospects into customers and deliver great service to keep them happy

It's all about choice

You decide what's best for you. How do you want to access Opera 3? If you don't want to pay upfront and own the software on a perpetual licence, you can choose a subscription contract on a term licence and pay monthly over 1, 2, 3 or 4 years. How do you want to deploy Opera 3? Install the software on premise, or choose the 'Cloud', hosted by a Pegasus Partner, and access via the web.

Quick return on investment

Opera 3 provides businesses with the tools needed to run their finances and operations more efficiently. By paying monthly, you'll see an immediate return on investment.

Future upgrades

The maintenance contract included in the subscription entitles you to free of charge software upgrades. You can have peace of mind knowing that you have the very latest Opera 3 product enhancements and maintenance releases.
